PASTORS' CONFERENCE TODAY

## Singing, Preaching & Fellowship

### The Monday night service took our delegation back to the basics.

Santa Clara, CA

Mike Prescott

Monday night's service was not filled with presentations, productions, or performances. Rather, God's people enjoyed an extended time of congregational singing and special music.

Following the singing, Pastor Trieber delivered a passionate message regarding "Satan, Our Adversary" and how to fight against the very real arsenal that the Devil utilizes against each child of God.

After the preaching, delegates lingered around the Convention Center, catching up with old friends and meeting new friends in ministry.
